AGREEMENT

Pricing Information

- The cost to relocate your service is \$120.
- If you are moving to a property that hasn't had an OptiComm connection before, a New Development Fee of \$300-\$550 may apply.
- If an onsite attendance is required, a once-off fibre service activation fee of \$110 may apply.

I request and authorise Pentanet to relocate my existing service to the address provided above.

I acknowledge that:

- I will remain liable for all debts incurred on the service listed above;
- The service listed above will be relocated along with any additional products attached to it;
- I have read and understand all statements made in this application form;
- I will not seek to recover any loss I have suffered or may suffer (either directly or indirectly) as a result of this relocation; and
- I am the account holder or fully authorised representative of this account and am authorised to make this request on behalf of the outgoing customer.
