

neXus Early Adopter Promotion

This promotion is run by Pentanet Ltd (ABN 29 617 506 279)(**Pentanet**) as a special, limited time offer for select subscribers of Pentanet's neXus service. Under this promotion, eligible customers can secure a discounted neXus plan for the lifetime of their contract, according to the Terms and Conditions below.

Terms & Conditions

1. This promotion is available to new neXus customers who sign up during the promotional period.
2. The promotional period commences at 12.01am AWST on Monday, 30 May 2022 and may be closed at any time, as decided by Pentanet in its sole discretion.
3. By confirming or submitting an application for service, the customer agrees to be bound by Pentanet's standard Terms and Conditions, service Critical Information Summary (available on [our website](#)) and the Terms and Conditions of this promotion.
4. Acceptance of an application for service is subject to service availability and individual credit assessment outcome.
5. Eligible customers will receive a discounted neXus service plan, as outlined below:
 - neXus - Hell Fast - Unlocked speeds, Unlimited data for \$99 per month (RRP \$129).
6. The neXus Early Adopter promotional discount will apply for the lifetime of the customer's contract, unless the customer chooses to change their plan or cancel their service.
7. This discount is non-transferable, not redeemable for cash and is unable to be applied to any other Pentanet service plan.
8. This promotion cannot be used with any other offer, except for Pentanet's Subscriber Referral Program.
9. This promotion cannot be used in conjunction with the RAC member discount, which is only available on the full retail price of select Pentanet plans.
10. This promotion does not automatically carry over to account transfer of ownership or service relocation, which will be determined by Pentanet in its sole discretion.
11. Pricing above includes GST.
12. Pentanet reserves the right to change, cancel or extend these Terms & Conditions at any time in its sole discretion.
